SECTION 1

INTRODUCTION**1.1 Description of University**

Founded in 1895, The University of Texas at Arlington (UTA or University) is a Carnegie Research-1 “Very High Research Activity” institution with more than 100 years of academic excellence and tradition. It is a comprehensive research, teaching, and public service university whose mission is the advancement of knowledge and the pursuit of excellence.

With a global enrollment of more than 60,000, UT Arlington is the largest university in North Texas. It also has one of the most diverse campus populations in the country. Students come from every state and more than 100 countries, contributing to *U.S. News & World Report* ranking it with the fifth-highest undergraduate ethnic diversity index in the country. UT Arlington is a Hispanic-Serving Institution and is ranked No. 1 in the U.S. for veterans and their families by *Military Times*.

The University has research centers in every discipline and state-of-the-art facilities in Arlington and Fort Worth that enable our faculty and students to help solve the world’s most urgent challenges. Of its 220,000-plus alumni, approximately 65% percent live in North Texas. Their presence helps the University create an annual economic impact of almost \$17.1 billion in the region.

1.2 Background and Special Circumstances

NOTE: The University reserves the right to make a dual award if deemed to be in the best interest of, and the best value for, our needs.

1.3 Objective of Request for Proposal

The University is seeking a partner or partners to provide: 1) production labor services to supplement in-house labor for staffing events and serve as the venue’s preferred provider for all overhead rigging; and 2) conversion crew labor to assist with setups of large events and the installation and removal of portable basketball courts. Potential vendors may propose on one or both areas of service, and the University may issue multiple contract awards to meet anticipated needs. Any contract resulting from this Request for Proposals (RFP) will be deemed non-exclusive. UTA reserves the right to contract for like services with other contractors as needed/desired.

1.4 Term of the Agreement

The initial term of the resulting Agreement will be for one (1) year and thereafter the University shall have the right, at its option, to renew the Agreement for up to four (4) additional renewal terms of one (1) year each.

Prices for the initial term are to be firm. At the end of the initial term and each renewal term (if any), the rates may be increased, decreased or remain unchanged. Any price adjustment must be requested by the Vendor in writing, including detailed documentation supporting the increase, at least sixty (60) days prior to the expiration of the current term. Changes, if agreed to, shall be based upon the percentage change in the Bureau of Labor Statistics’ Consumer Price Index (CPI)-All Urban Consumers for Dallas-Fort Worth-Arlington for the previous contract period (https://www.bls.gov/regions/southwest/news-release/consumerpriceindex_dallasfortworth.htm). No change in pricing shall exceed the year-over-year percentage change in the CPI index noted above, unless it is deemed in the best interest of the University based on current market conditions and the best value criteria included in Texas Education Code 51.9335.

1366977-09-3-48

1.5 Transition Period

Contractor must agree that when the resulting Contract Agreement of this RFP expires or is terminated for any reason, then, at the University's option, Contractor will continue to perform the Special Event Venue Labor services in accordance with the terms, conditions and pricing of this Contract Agreement until the University contracts with another qualified and experienced Contractor(s) to perform the Special Event Venue Labor services or, is able to perform the Special Event Venue Labor services in-house; provided that the Contractor will not be required to continue performing the services for more than 30 days after the expiration or termination date of this Contract Agreement.

The Contractor will cooperate with, and assist, the University's efforts to transition to another Contractor(s) or to perform the Special Event Venue Labor services in-house.

1.6 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by [§61.003, Education Code](#)) to use the group purchasing procurement method (ref. §§[51.9335](#), [73.115](#), and [74.008](#), *Education Code*). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System (**UT System**), which is comprised of fourteen institutions described at <http://www.utsystem.edu/institutions>. UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP. Any purchases made by other institutions based on this RFP will be the sole responsibility of those institutions.

1.7 Addenda and Additional RFP Documents

Any addenda or other subsequently released RFP documents will be posted to the University's online solicitation website www.bidnetdirect.com/arlinton (BidNet). They will not be sent directly to potential proposers. It is the Proposer's responsibility to periodically check the BidNet website www.bidnetdirect.com/arlinton for additional RFP documents.

1.8 Parking

To be aware of the requirements and options available for parking, employees of companies who park their personal vehicle in UTA parking facilities, or any property owned or controlled by UTA, to perform their duties are encouraged to visit the University's Parking and Transportation Services website at <https://www.uta.edu/pats/parking/contractor-vendor.php>

The goal of the HUB program is to promote full and equal business opportunity for all businesses in contracting with state agencies. Pursuant to the HUB program, if under the terms of any agreement or contractual arrangement resulting from this RFP, Contractor subcontracts any Work, then Contractor must make a good faith effort to utilize HUBs certified by the Procurement and Support Services Division of the Texas Comptroller of Public Accounts. Proposals that fail to comply with the requirements contained in this **Section 2.5** will constitute a material failure to comply with advertised specifications and will be rejected by University as non-responsive. Additionally, compliance with good faith effort guidelines is a condition precedent to awarding any agreement or contractual arrangement resulting from this RFP. Proposer acknowledges that, if selected by University, its obligation to make a good faith effort to utilize HUBs when subcontracting any Work will continue throughout the term of all agreements and contractual arrangements resulting from this RFP. Furthermore, any subcontracting of Work by the Proposer is subject to review by University to ensure compliance with the HUB program.

- 2.5.3 A HUB Subcontracting Plan (HSP) is a required part of the proposal. The HSP will be developed and administered in accordance with University's Policy on Utilization of Historically Underutilized Businesses, attached as **APPENDIX THREE**.

Each Proposer must complete and return the HSP in accordance with the terms and conditions of this RFP, including **APPENDIX THREE**. Proposers that fail to submit the HSP will be considered non-responsive to this RFP as required by [§2161.252, Government Code](#).

Informal review is designed to help address questions Proposer may have about how to complete its HSP properly. University is soliciting competitive sealed proposals from Proposers having suitable qualifications and experience providing services in accordance with the terms, conditions and requirements set forth in this RFP. Submission of a PAR with each invoice will be required as a condition for payment under this Agreement. If University's HUB Office/Department determines that Contractor has failed to comply with the HSP, University will notify Contractor of the deficiencies and give Contractor an opportunity to submit documentation and explain why its failure to comply with the HSP should not be attributed to a lack of good faith effort by Contractor. Any deficiencies identified by the University must be rectified by the Contractor prior to the next reporting period. If University's HUB Office/Department determines that Contractor failed to implement the HSP in good faith, University, in addition to any other remedies, may report nonperformance to the Texas Comptroller in accordance with [34 TAC §§20.285\(h\)\(4\)](#), [20.585](#) and [20.586](#). Contractor will demonstrate good faith by complying with the requirements of [34 TAC §20.285\(d\)](#) in the development of the amended HSP. Such an amended HSP must be approved by the University's HUB Office/Department and this Agreement must be amended in accordance with **Section 19** to replace the existing HSP with the amended HSP before Contractor may perform the expanded scope of Work. If Contractor performs any such expanded scope of Work or subcontracts any of the additional probable subcontracting opportunities identified by University's HUB Office/Department without prior authorization and without complying with [34 TAC §20.285](#), Contractor will be deemed to be in breach of this Agreement under **Section 25** and will be subject to any remedial actions provided by Applicable Laws, including [Chapter 2161, Texas Government Code](#), and [34 TAC §20.285](#). In addition, University may report Contractor's noncompliance with this **Section 30.2** to the Texas Comptroller in accordance with [34 TAC §§20.285\(h\)\(4\)](#), [20.585](#) and [20.586](#).

 Project/ RFP/ RFQ Number: _____ - _____

Dear

I am pleased to forward this HUB Subcontracting Plan as an integral part of our response in connection with your invitation for Request for Proposals referencing the above project.

I have read and understand The University of Texas System Policy on Utilization of Historically Underutilized Businesses (HUBs). I also understand the State of Texas Annual Procurement Goal according to 34 Texas Administrative Code Section 20.284, and the goal as stated in the Agency Special Instructions section of the HUB Subcontracting Plan, page 7.

Subcontractors	No. of Subcontractors	Total Subcontract \$ Value	Total Estimated Subcontracting	% Minority Owned	% Woman Owned	% Service Disabled Veteran
HUB			%	%	%	%
NON-HUB			%			
TOTAL			%			

I understand the above HUB percentages must represent Texas Comptroller HUB certification standards. For each of the listed HUB firms, I have attached a Texas Comptroller HUB Certification document.

During the course of this contract should we discover additional subcontractors claiming Historically Underutilized Business status or if for some reason a HUB is unable to fulfill its contractual obligation with us, we will notify you immediately in order to take the appropriate steps to amend this HUB subcontracting Plan.

Sincerely,

HUB Subcontracting Plan (HSP)

In accordance with Texas Gov't Code §2161.252, the contracting agency has determined that subcontracting opportunities are probable under this contract. Therefore, all respondents, including State of Texas certified Historically Underutilized Businesses (HUBs) must complete and submit this State of Texas HUB Subcontracting Plan (HSP) with their response to the bid requisition (solicitation).

NOTE: Responses that do not include a completed HSP shall be rejected pursuant to Texas Gov't Code §2161.252(b).

The HUB Program promotes equal business opportunities for economically disadvantaged persons to contract with the State of Texas in accordance with the goals specified in the 2009 State of Texas Disparity Study. The statewide HUB goals defined in 34 Texas Administrative Code (TAC) §20.284 are:

- 11.2 percent for heavy construction other than building contracts,
- 21.1 percent for all building construction, including general contractors and operative builders' contracts,
- 32.9 percent for all special trade construction contracts,
- 23.7 percent for professional services contracts,
- 26.0 percent for all other services contracts, and
- 21.1 percent for commodities contracts.

- - Agency Special Instructions/Additional Requirements - -

*In accordance with 34 TAC §20.285(d)(1)(D)(iii), a respondent (prime contractor) may demonstrate good faith effort to utilize Texas certified HUBs for its subcontracting opportunities if the total value of the respondent's subcontracts with Texas certified HUBs meets or exceeds the statewide HUB goal or the agency specific HUB goal, whichever is higher. When a respondent uses this method to demonstrate good faith effort, the respondent must identify the HUBs with which it will subcontract. If using existing contracts with Texas certified HUBs to satisfy this requirement, only the aggregate percentage of the contracts expected to be subcontracted to HUBs with which the respondent **does not** have a **continuous contract*** in place for **more than five (5) years** shall qualify for meeting the HUB goal. This limitation is designed to encourage vendor rotation as recommended by the 2009 Texas Disparity Study.*

In accordance with 34 TAC §20.13(d)(1)(D)(iii), the goals below are the applicable goals for The University of Texas at Arlington only effective September 1, 2020.

THE GOAL FOR THIS PROCUREMENT: Other Services 26.0%

Respondents shall submit a completed HUB Subcontracting Plan (HSP) to be considered responsive. Failure to submit a completed HSP shall result in the bid, proposal or other expression of interest to be considered Non-responsive.

Prime Contractor Progress Assessment Report (PAR) shall be submitted with each request for payment as a condition of payment.

Please note that phone logs are no longer acceptable documentation of Good Faith Effort. Only fax, email and certified letter are acceptable.

Two or more contracts that run concurrently or overlap one another for different periods of time are considered by CPA to be individual contracts rather than renewals or extensions to the original contract. In such situations the prime contractor and HUB vendor are entering (have entered) into "new" contracts.

HUB Subcontracting Opportunity Notification Form

In accordance with Texas Gov't Code, Chapter 2161, each state agency that considers entering into a contract with an expected value of \$100,000 or more shall, before the agency solicits bids, proposals, offers, or other applicable expressions of interest, determine whether subcontracting opportunities are probable under the contract. The state agency I have identified below in **Section B** has determined that subcontracting opportunities are probable under the requisition to which my company will be responding.

34 Texas Administrative Code, §20.285 requires all respondents (prime contractors) bidding on the contract to provide notice of each of their subcontracting opportunities to at least three (3) Texas certified HUBs (who work within the respective industry applicable to the subcontracting opportunity), and allow the HUBs at least seven (7) working days to respond to the notice prior to the respondent submitting its bid response to the contracting agency. In addition, at least seven (7) working days prior to submitting its bid response to the contracting agency, the respondent must provide notice of each of its subcontracting opportunities to two (2) or more trade organizations or development centers (in Texas) that serves members of groups (i.e., Asian Pacific American, Black American, Hispanic American, Native American, Woman, Service Disabled Veteran) identified in Texas Administrative Code, §20.282(19)(C).

We respectfully request that vendors interested in bidding on the subcontracting opportunity scope of work identified in **Section C, Item 2**, reply no later than the date and time identified in **Section C, Item 1**. Submit your response to the point-of-contact referenced in **Section A**.
