**1.1 Description of University**

Founded in 1895, The University of Texas at Arlington (UTA) is a Carnegie Research-1 "Very High Research Activity" institution with more than 100 years of academic excellence and tradition. It is a comprehensive research, teaching, and public service university whose mission is the advancement of knowledge and the pursuit of excellence.

With a global enrollment of more than 60,000, UT Arlington is the largest university in North Texas. It also has one of the most diverse campus populations in the country. Students come from every state and more than 100 countries, contributing to *U.S. News & World Report* ranking it with the fifth-highest undergraduate ethnic diversity index in the country. UT Arlington is a Hispanic-Serving Institution and is ranked No. 1 in the U.S. for veterans and their families by *Military Times*.

The University has research centers in every discipline and state-of-the-art facilities in Arlington and Fort Worth that enable our faculty and students to help solve the world's most urgent challenges. Of its 220,000-plus alumni, approximately 65% percent live in North Texas. Their presence helps the University create an annual economic impact of almost \$17.1 billion in the region.

**1.2 Background and Special Circumstances**

The University of Texas at Arlington department of Special Event Facilities operates two large public assembly venues: College Park Center ("CPC"), a 7,000-seat multi-purpose facility, and Texas Hall ("TXH"), a 2,600-seat performing arts center. Both venues are located on The University of Texas at Arlington campus. The CPC is currently the home of the UTA men's and women's basketball and women's volleyball programs, along with the WNBA's Dallas Wings. In addition to these sporting events, the venues host a wide variety of events, including high school graduations, cheer/dance competitions, and entertainment and concert events. The University is looking to select one (1) vendor as our Food & Beverage partner to provide concessions and catering sales services for these public assembly venues, including alcohol sales. As the onsite provider, the vendor will have first right of refusal for all external event catering at CPC and Texas Hall, be the exclusive provider for concessions and alcohol service in CPC and Texas Hall, be a preferred caterer for campus events at CPC and Texas Hall and be an approved caterer to provide catering services for other departmental events across campus.

For 2024, following are the calendar year gross sales:

- CPC Concessions: \$1,763,700
- TXH Concessions: \$124,649
- Catering: \$521,332

**\*1413322-05-3-50\***

Per cap average by event type:

- Dallas Wings - \$12.48
- UTA Basketball - \$6.91
- UTA Volleyball - \$6.65
- Concert Events - \$8.04
- Cheer/Dance Events - \$8.84

The University may elect to expand service locations to other venues on campus at a later date with commission structure to be mutually agreed upon at that time.

### 1.3 Objective of Request for Proposal

The University is soliciting proposals in response to this Request for Proposal, UTA2026-001 (this “**RFP**”), for selection of one (1) qualified vendor to provide Food and Beverage Services (the “**Services**”) for College Park Center and Texas Hall, which are more specifically described in **SECTION 5** (Scope of Work) of this RFP.

### 1.4 Term of the Agreement

The initial term of the resulting Agreement will be for five (5) year(s) and thereafter the University shall have the right, at its option, to renew the Agreement for up to two (2) additional renewal terms of five (5) year(s) each.

Prices for the initial term are to be firm. At the end of the initial term and each renewal term (if any), the rates may be increased, decreased or remain unchanged. Any price adjustment must be requested by the Vendor in writing, including detailed documentation supporting the increase, at least sixty (60) days prior to the expiration of the current term. Changes, if agreed to, shall be based upon the percentage change in the Bureau of Labor Statistics’ Consumer Price Index (CPI)-All Urban Consumers for Dallas-Fort Worth-Arlington for the previous contract period ([https://www.bls.gov/regions/southwest/news-release/consumerpriceindex\\_dallasfortworth.htm](https://www.bls.gov/regions/southwest/news-release/consumerpriceindex_dallasfortworth.htm)). No change in pricing shall exceed the year-over-year percentage change in the CPI index noted above, unless it is deemed in the best interest of the University based on current market conditions and the best value criteria included in Texas Education Code 51.9335.

### 1.5 Transition Period

Contractor must agree that when the resulting Contract Agreement of this RFP expires or is terminated for any reason, then, at the University’s option, Contractor will continue to perform the Food & Beverage Services for Special Event Facilities in accordance with the terms, conditions and pricing of this Contract Agreement until the University contracts with another qualified and experienced Contractor(s) to perform the Food & Beverage Services for Special Event Facilities provided that the Contractor will not be required to continue performing the Food & Beverage Services for Special Event Facilities for more than six (6) months after the expiration or termination date of this Contract Agreement.

The Contractor will cooperate with, and assist, the University’s efforts to transition to another Contractor(s) to perform Food & Beverage Services for Special Event Facilities.

### 1.6 Group Purchase Authority

Texas law authorizes institutions of higher education (defined by [§61.003, Education Code](#)) to use the group purchasing procurement method (ref. §§[51.9335](#), [73.115](#), and [74.008](#), *Education Code*). Additional Texas institutions of higher education may therefore elect to enter into a contract with the successful Proposer under this RFP. In particular, Proposer should note that University is part of The University of Texas System (**UT System**), which is comprised of fourteen institutions described at <http://www.utsystem.edu/institutions>. UT System institutions routinely evaluate whether a contract resulting from a procurement conducted by one of the institutions might be suitable for use by another, and if so, this RFP could give rise to additional purchase volumes. As a result, in submitting its proposal, Proposer should consider proposing a pricing model and other commercial terms that take

**\*1413322-05-4-50\***

into account the higher volumes and other expanded opportunities that could result from the eventual inclusion of other institutions in the purchase contemplated by this RFP. Any purchases made by other institutions based on this RFP will be the sole responsibility of those institutions.

#### 1.7 Addenda and Additional RFP Documents

Any addenda or other subsequently released RFP documents will be posted to the University's online solicitation website [www.bidnetdirect.com//arlington](http://www.bidnetdirect.com//arlington) (BidNet). They will not be sent directly to potential proposers. It is the Proposer's responsibility to periodically check the BidNet website [www.bidnetdirect.com//arlington](http://www.bidnetdirect.com//arlington) for additional RFP documents.

#### 1.8 Parking

To be aware of the requirements and options available for parking, employees of companies who park their personal vehicle in UTA parking facilities, or any property owned or controlled by UTA, to perform their duties are encouraged to visit the University's Parking and Transportation Services website at <https://www.uta.edu/pats/parking/contractor-vendor.php>

## SECTION 1

GENERAL INFORMATION**1.1 Purpose**

University is soliciting competitive sealed proposals from Proposers having suitable qualifications and experience providing services in accordance with the terms, conditions and requirements set forth in this RFP. This RFP provides sufficient information for interested parties to prepare and submit proposals for consideration by University.

By submitting a proposal, Proposer certifies that it understands this RFP and has full knowledge of the scope, nature, quality, and quantity of services to be performed, the detailed requirements of services to be provided, and the conditions under which services are to be performed. Proposer also certifies that it understands that all costs relating to preparing a response to this RFP will be the sole responsibility of the Proposer.

PROPOSER IS CAUTIONED TO READ THE INFORMATION CONTAINED IN THIS RFP CAREFULLY AND TO SUBMIT A COMPLETE RESPONSE TO ALL REQUIREMENTS AND QUESTIONS AS DIRECTED.

**1.2 Inquiries and Interpretations**

University may in its sole discretion respond in writing to written inquiries concerning this RFP and mail its response as an Addendum to all parties recorded by University as having received a copy of this RFP. Only University's responses that are made by formal written Addenda will be binding on University. Any verbal responses, written interpretations or clarifications other than Addenda to this RFP will be without legal effect. All Addenda issued by University prior to the Submittal Deadline will be and are hereby incorporated as a part of this RFP for all purposes.

Proposers are required to acknowledge receipt of each Addendum as specified in this Section. The Proposer must acknowledge all Addenda by completing, signing and returning the Addenda Checklist (ref. **Section 4 of APPENDIX ONE**). The Addenda Checklist must be received by University prior to the Submittal Deadline and should accompany the Proposer's proposal.

Any interested party that receives this RFP by means other than directly from University is responsible for notifying University that it has received an RFP package, and should provide its name, address, telephone and facsimile (**FAX**) numbers, and email address, to University, so that if University issues Addenda to this RFP or provides written answers to questions, that information can be provided to that party.

**1.3 Public Information**

Proposer is hereby notified that University strictly adheres to all statutes, court decisions and the opinions of the Texas Attorney General with respect to disclosure of public information.

University may seek to protect from disclosure all information submitted in response to this RFP until such time as a final agreement is executed.

Upon execution of a final agreement, University will consider all information, documentation, and other materials requested to be submitted in response to this RFP, to be of a non-confidential and non-proprietary nature and, therefore, subject to public disclosure under the *Texas Public Information Act* (ref. [Chapter 552, Government Code](#)). Proposer will be advised of a request for public information that implicates their materials and will have the opportunity to raise any objections to disclosure to the Texas Attorney General. Certain information may be protected from release under §§[552.101](#), [552.104](#), [552.110](#), [552.113](#), and [552.131](#), *Government Code*.

**1.4 Type of Agreement**

Contractor, if any, will be required to enter into a contract with University in a form that (i) includes terms and conditions substantially similar to the terms and conditions set forth in **APPENDIX TWO**, and (ii) is otherwise acceptable to University in all respects (**Agreement**).

**1.5 Proposal Evaluation Process**

University will select Contractor by using the competitive sealed proposal process described in this Section. Any proposals that are not submitted by the Submittal Deadline will be rejected by University as non-responsive due to material failure to comply with this RFP (ref. **Section 2.5.4**). Upon completion of the initial review and evaluation of proposals, University may invite one or more selected Proposers to participate in oral presentations. University will use commercially reasonable efforts to avoid public disclosure of the contents of a proposal prior to selection of Contractor.

University may make the selection of Contractor on the basis of the proposals initially submitted, without discussion, clarification or modification. In the alternative, University may make the selection of Contractor on the basis of negotiation with any of the Proposers. In conducting negotiations, University will use commercially reasonable efforts to avoid disclosing the contents of competing proposals.

University may discuss and negotiate all elements of proposals submitted by Proposers within a specified competitive range. For purposes of negotiation, University may establish, after an initial review of the proposals, a competitive range of acceptable or potentially acceptable proposals composed of the highest rated proposal(s). In that event, University may defer further action on proposals not included within the

**\*1413322-05-20-50\***

competitive range pending the selection of Contractor; provided, however, University reserves the right to include additional proposals in the competitive range if deemed to be in the best interest of University.

After the Submittal Deadline but before final selection of Contractor, University may permit Proposer to revise its proposal in order to obtain the Proposer's best and final offer. In that event, representations made by Proposer in its revised proposal, including price and fee quotes, will be binding on Proposer. University will provide each Proposer within the competitive range with an equal opportunity for discussion and revision of its proposal. University is not obligated to select the Proposer offering the most attractive economic terms if that Proposer is not the most advantageous to University overall, as determined by University.

University reserves the right to (a) enter into an agreement for all or any portion of the requirements and specifications set forth in this RFP with one or more Proposers, (b) reject any and all proposals and re-solicit proposals, or (c) reject any and all proposals and temporarily or permanently abandon this selection process, if deemed to be in the best interests of University. Proposer is hereby notified that University will maintain in its files concerning this RFP a written record of the basis upon which a selection, if any, is made by University.

- 1.8.5 Proposals should be prepared simply and economically, providing a straightforward, concise description of Proposer's ability to meet the requirements and specifications of this RFP. Emphasis should be on completeness, clarity of content, and responsiveness to the requirements and specifications of this RFP.
- 1.8.6 University makes no warranty or guarantee that an award will be made as a result of this RFP. University reserves the right to accept or reject any or all proposals, waive any formalities, procedural requirements, or minor technical inconsistencies, and delete any requirement or specification from this RFP or the Agreement when deemed to be in University's best interest. University reserves the right to seek clarification from any Proposer concerning any item contained in its proposal prior to final selection. Such clarification may be provided by telephone conference or personal meeting with or writing to University, at University's sole discretion. Representations made by Proposer within its proposal will be binding on Proposer.
- 1.8.7 Any proposal that fails to comply with the requirements contained in this RFP may be rejected by University, in University's sole discretion.

The parties hereto specifically agree that (i) neither the execution of this Agreement by University nor any other conduct, action or inaction of any representative of University relating to this Agreement constitutes or is intended to constitute a waiver of University's or the state's sovereign immunity to suit and (ii) University has not waived its right to seek redress in the courts.
- 12.4. The submission, processing and resolution of Contractor's claim is governed by the published rules adopted by the Texas Attorney General pursuant to [Chapter 2260](#), as currently effective, thereafter enacted or subsequently amended.
- 12.5. University and Contractor agree that any periods provided in this Agreement for notice and cure of defaults are not waived.
- 13. All Exhibits are attached to this Agreement and incorporated for all purposes.

*Complete the following additional questions if Information Resources will be hosted by Proposer:*

7. What administrative safeguards and best practices does Proposer have in place to vet Proposer's and third-parties' staff members that would have access to the environment hosting University Records to ensure need-to-know-based access?

8. What procedures and best practices does Proposer have in place to ensure that user credentials are updated and terminated as required by changes in role and employment status?

9. Describe Proposer's password policy including password strength, password generation procedures, and frequency of password changes. If passwords are not used for authentication or if multi-factor authentication is used to Information Resources, describe what alternative or additional controls are used to manage user access.

#### Use of Data

*Complete the following additional questions if Information Resources will be hosted by Proposer:*

1. What administrative safeguards and best practices does Proposer have in place to vet Proposer's and third-parties' staff members that have access to the environment hosting all systems that would hold or process University Records, or from which University Records may be accessed, to ensure that University Records will not be accessed or used in an unauthorized manner?

2. What safeguards does Proposer have in place to segregate University Records from system data and other customer data and/or as applicable, to separate specific University data, such as HIPAA and FERPA protected data, from University Records that are not subject to such protection, to prevent accidental and unauthorized access to University Records?

3. What safeguards does Proposer have in place to prevent the unauthorized use, reuse, distribution, transmission, manipulation, copying, modification, access, or disclosure of University Records?

4. What procedures and safeguards does Proposer have in place for sanitizing and disposing of University Records according to prescribed retention schedules or following the conclusion of a project or termination of a contract to render University Records unrecoverable and prevent accidental and unauthorized access to University Records? Describe the degree to which sanitizing and disposal processes addresses University data that may be contained within backup systems. If University data contained in backup systems is not fully sanitized, describe processes in place that would prevent subsequent restoration of backed-up University data.

#### **Data Transmission**

1. Do Information Resources encrypt all University Records in transit and at rest? If yes, describe how Information Resources provide that security. If no, what alternative methods are used to safeguard University Records in transit and at rest?

*Complete the following additional questions if Information Resources will be hosted by Proposer:*

2. How does data flow between University and Information Resources? If connecting via a private circuit, describe what security features are incorporated into the private circuit. If connecting via a public network (e.g., the Internet), describe the way Proposer will safeguard University Records.

3. Do Information Resources secure data transmission between University and Proposer? If yes, describe how Proposer provides that security. If no, what alternative safeguards are used to protect University Records in transit?

#### **Notification of Security Incidents**

*Complete the following additional questions if Information Resources will be hosted by Proposer:*

1. Describe Proposer's procedures to isolate or disable all systems that interact with Information Resources in the event a security breach is identified, including any systems that would hold or process University Records, or from which University Records may be accessed.

2. What procedures, methodology, and timetables does Proposer have in place to detect information security breaches and notify University and other customers? Include Proposer's definition of security breach.

3. Describe the procedures and methodology Proposer has in place to detect information security breaches, including unauthorized access by Proposer's and subcontractor's own employees and agents and provide required notifications in a manner that meets the requirements of the state breach notification law.

#### **Compliance with Applicable Legal & Regulatory Requirements**

*Complete the following additional questions if Information Resources will be hosted by Proposer:*

1. Describe the procedures and methodology Proposer has in place to retain, preserve, backup, delete, and search data in a manner that meets the requirements of state and federal electronic discovery rules, including how and in what format University Records are kept and what tools are available to University to access University Records.

2. Describe the safeguards Proposer has in place to ensure that systems (including any systems that would hold or process University Records, or from which University Records may be accessed) that interact with Information Resources reside within the United States of America. If no such controls, describe Proposer's processes for ensuring that data is protected in compliance with all applicable US federal and state requirements, including export control.

3. List and describe any regulatory or legal actions taken against Proposer for security or privacy violations or security breaches or incidents, including the final outcome.

## APPENDIX SIX

## INFORMATION SECURITY APPLICATION RISK ASSESSMENT

1. Documentation that is needed to conduct an Information Security Application Risk Assessment for cloud services is listed below. To speed the process of the assessment, submit the following documentation.
  - a. Texas Risk and Authorization Program (TX-RAMP) certification:
    - i. Level 1 certification is required for non-Confidential Information
    - ii. Level 2 certification is required for mission critical cloud services, or services dealing with Confidential Information
    - iii. A TX-RAMP Provisional certification is acceptable, which allows vendors to conduct business with state agencies while working toward the appropriate certification.
    - iv. See Section 2 below for information on submitting a TX-RAMP certification application
  - b. A completed copy of the Higher Education Cloud Vendor Assessment Tool (HECVAT) - Lite version found on the Educause website [Click Here](#). UTA's Information Security Office (ISO) will evaluate an alternate assessment tool on a case-by-case basis if the vendor is unable to complete a HECVAT. (A current copy of the TX-RAMP security assessment will be acceptable.)
  - c. A SOC 2 Type 2 report or any other third party report to attest to your security practices
  - d. If the application/service deals with PCI information we need proof of PCI certification
  - e. If there are any data exchanges between your application and UTA Systems, please provide details of data transfer, the type of data being transferred, and how the data is being secured in transit.
  - f. For accessibility, a Voluntary Product Accessibility Template (VPAT) document, form 508 for software, or form WCAG for Online Resources. See <https://www.itic.org/policy/accessibility> (Scroll down to the links).
