

Warren Stoker
Vice President, Government Liaison &
Business Process Controls
Textron Inc.

Warren has been in his current role since January, 2008 and is responsible for Textron Business Process Controls (BPC) function whose mission is to ensure internal control adequacy over key business processes and coordinate communication of results with U.S. Government entities. Warren serves as the primary Government focal point for all Compliance related issues.

Warren joined Bell as the Manager of Rates and Overhead Accounting on August 23, 2002. In this role, Warren was responsible for ensuring appropriate rates were utilized on U.S. Government programs and Overhead costs were properly stated. He also held the positions of Senior Manager, Business Process Controls and Director of Quality.

From January, 2004 to November, 2007, Warren served as Director of Government Business Audit for Textron Audit Services. His responsibilities there included ensuring completion of the annual audit plan and communicating results to Senior Management, Ernst & Young, and the Audit Committee.

Before joining Bell/Textron in 2002, Warren spent six years with Lockheed Martin, where he served as Manager of Corporate Internal Audit with responsibility for the Aeronautics Sector. During this time, Warren managed locations in Fort Worth, Texas, Marietta, Georgia, and Palmdale, California.

Warren spent three years with KPMG in Dallas where he served as a supervising senior auditor for a number of clients including FINA Petroleum, the City of Dallas, and Brinks Home Security.

Warren is a CPA, received his MBA from Texas Christian University, and his BBA in Accounting from the University of Texas at Arlington.

Warren lives in the Ft. Worth area and enjoys spending free time with his wife Kellie, and their two children, John and Elizabeth
