David provides SourceHOV | Tax's LIFO, R&D Tax Credit Studies, Cost Segregation, and Green Building 179D Certification/Analysis specialized tax services to CPA's and businesses in Texas.

He has been a CPA since 1988, having worked in:

- Public accounting
- Tax compliance
- Financial and Operational Management
- International Business and Development

While at SourceHOV | Tax, David has worked actively with CPA firms and businesses in many states, helping them evaluate and implement tax and cost benefit ideas associated with inventory and commercial real estate. The CPA firms have ranged from the Big Four to sole proprietors. The businesses have ranged in size from Fortune 500 to family businesses. DeGrand understands CPA firms' need to bring new tax savings ideas to their clients, as well as businesses' need to pay less tax in order to sustain cash flow and grow.

He received his BBA in Accounting from Stephen F. Austin University.
