Who will advise the students when a future effective date has been used?

- Their New department/Major will advise the students on all things advising, including but not limited to:
    - Dropping Courses
    - CRA's
    - Grade Forgiveness
- Use CAR notes to note effective date action.

Special Notes:

- Advisors will need to use the Student Program/Plan Screen to view the student's program/major.
    - The Academic Tab on the Student Services Center will not update until the future effective date.
- The student's MAPs in MyMav will update as soon as the change is made. This is viewable to students and advisors.
- Future-dated program plan codes will not meet the pre-requisite requirements. Advisors may need to use the "Requisite" override for students between open enrollment and the effective date.
    - Please try to register students without using the override 1st to verify the pre-req before continuing with the override to force the student into a course.
- If you need to delete a plan change mistake or have any questions, please email the Registrar's Office at recordsandregistrationprocessing@uta.edu.
- If a student is graduating in the current term and needs their major updated, GradTeam will review on a case-by-case basis. Please email gradteam@uta.edu.
