

Facilities, Equipment, and Other Resources Template

Opening Paragraph: The University of Texas at Arlington (UTA) is a Hispanic-Serving Institution with a 27 percent Hispanic undergraduate population as of fall 2017. UTA offers state of the art research facilities built to accommodate various projects to expand our knowledge of the world we live in today.

PI's Lab (Name of Lab): Provide the location and director of the lab. Provide a link to the lab if possible.

For NSF Proposals:

- List out the labs available equipment you will utilize in the project. For each equipment, tell of the equipment's location and how it will be used in the project. Tell who will have access to the equipment. How is the equipment maintained?

For NIH Proposals: List the equipment readily available and applicable to the project with the equipment's name, model number, location and its relevance to the project. Upload this information on a separate document.

Include the laboratory, clinical, animal, computer, office, and other facilities and resources that are readily available and will be utilized for the project. Include the space's location, square footage, and any other physical aspects that are important to the project. Make sure to include how these facilities and resources support the Intellectual Merit and Broader Impacts.

Examples:

Laboratory: **Add if applicable:** The FabLab, located at 702 Planetarium Place Arlington, TX 76019 on the first floor of the UTA library serves the DFW community providing tools for invention and entrepreneurship in the science, technology, engineering, arts and mathematics (STEAM) fields. At 8,000 square feet, the lab offers access to (add the equipment that is pertinent to the project).

Other: **Add if applicable:** The Science and Engineering Innovation & Research Building located at 655 W Mitchell St, Arlington, TX 76010 provides UTA faculty, staff, and student with 229,000 square feet of collaborative and research space, including a four-story research wing (add the pertinent resources the building provides).

Other Resources: Include shops and other support services in this section and describe their availability and relevance to the project.

For NSF Proposals: All collaborators not included in the budget should be described here. Include their letters of commitment.
